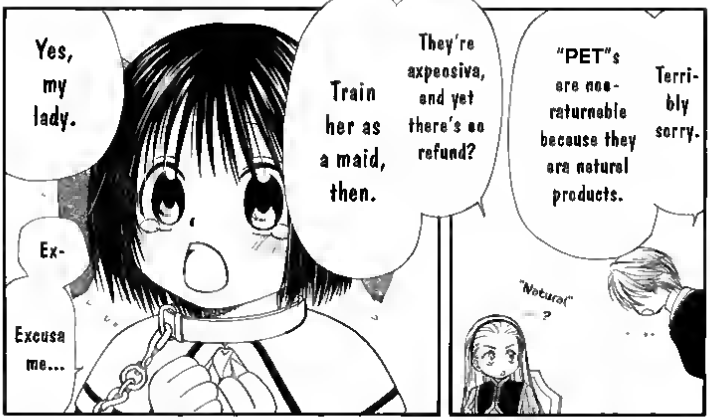
For us, "PET,"
it is a moment filled with excitement and anxiety.
We're here.
This way, please.
the moment we leave the laboratory and are taken in by our masters.
THUMP
THUMP
THUMP
Your master is waiting.
I wonder if they're a kind person?
Will they be nice to me?
I hope I won't be disliked.
CREAK

Souya Himawari 日輪早夜

I told you that I wanted a "cat!"
I even went out of town to buy it...
Um... It's a "PET," like the one you wanted.
It's o v e r !!!!!
A baautiful black or white cat, that would go with my blonde hair!
Who the hell asked for a crappy "rabbit" like that?
Go return her, and get me a new one!!
How can I keep something with a color like *that* by my side?!
my Lady.
Those are some dirty words.
If it were white or black it would have been acceptable
And mind asking them to take that sh●t color off?!
brown...



[Note – *Usagi* is the Japanese word for rabbit.]

★ This work is entirely fictional. It has nothing to do with real-life people, groups or happenings

At the Laboratory
You are all 'love animals.'
All of you were born to be loved by your masters.
In order to earn that, however, you will have to work hard.

That's right!
If she doesn't like me,
I'll do it!
I'll just have to work hard to change that!

Are there really ones that are this crappy?
You're useless!!
Are you trying to wreck my home?
They're love animals, so they aren't as useful as you think.
Maybe I should focus on not making her angry, before I worry about getting a better name
Ah, well.
Get changed, and come to my bed.
Huh? But...
We won't need to prepare a bedroom for Usagi.
Unless you want to sleep on the floor, that is.
Since you're so useless, the least you can do is keep me warm at night.
...Y-
Yes, Master!
I'm finally going to do something useful!!
...That's what you said, but

You're going to fall asleep before me, huh.

Maybe,
maybe if I were half as cute as this girl is,
She's so warm
she would have put me by her side.

You're so useless!!
Nee-sama.
I'm so sorry...
My master is the CEO of the company even at this young age,
which is why she probably gets so annoyed when she watches me work
and making my master angry.
Even after that, I've been messing everything up,
Bring me all the files related to this data
Yes ma'am
My master is always perfect and admirable
As her PET, I have to learn how to get along with her!
ringgggggg

Master is smiling!!
That's the first time I've seen her smile!
It's beautiful!
Listen up, everyone.
We'll be having a tea party today.
My sister is coming to visit.
I'll leave the preparations to you.
Yes, my lady.
Oh my, the president?
Ah I wish that someday

My lady!
someday she'll show me that same smile
chatter

Unfortunately, she's busy with work and can't make it to the party.
The president called just a moment ago.
we'll enjoy the party, nonetheless.
My sister's not with us, but
It's fine.
Yes, it is very unfortunate.
...Oh.

Master
Where is she going—

...Why do you have to cry, Usagi?
What are you doing here?

Go have fun at the party.
sniffle
B-... Because you were crying, Master ..... And, and you stopped .....
So...
I'm staying here with you!

I'm doing the crying for youuu.
That makes no sense.
What a weird reason
Even if they're not your type, you come to like them anyway.
..."PET"s are unfair.
...Master?
!!!
I want you to teach me how to be loved.
...She smiled

...What
what are you doing, Usagi?!

This is how I should comfort you.
That's what they taught me at the laboratory.

Are you lonely?
And then my sister will truly love me.
I'll make you feel better !!
I'm here for you, Master!

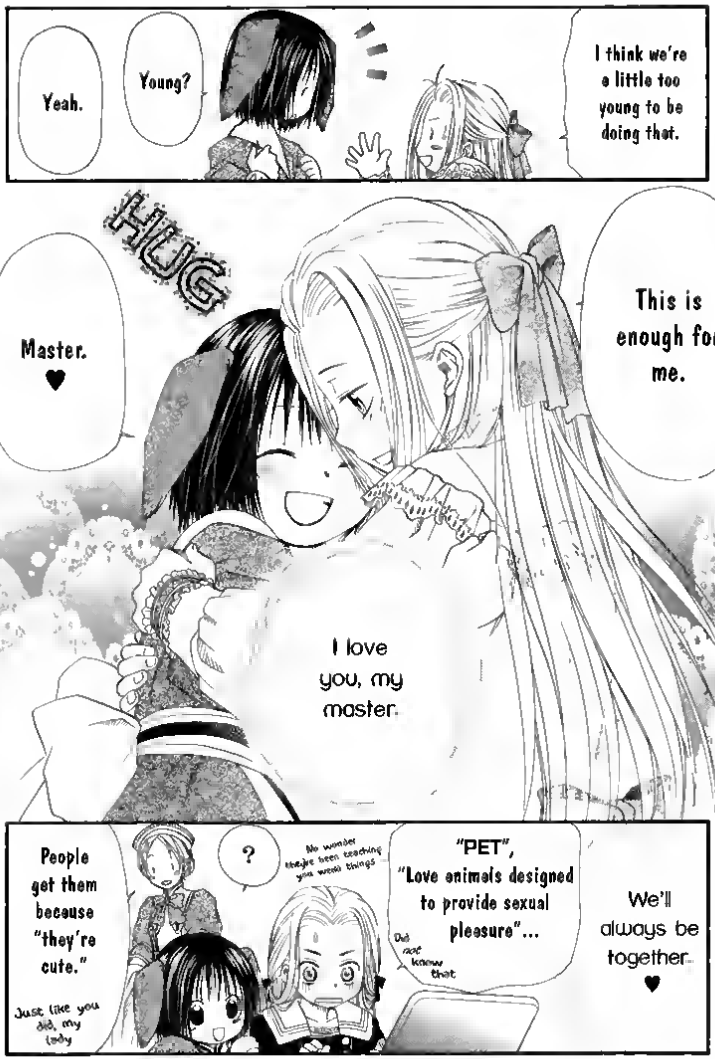
My, th-



I think we're a little too young to be doing that.
Young?
Yeah.
HUG
This is enough for me.
Master. ♥
I love you, my master.
People get them because "they're cute."
Just like you did, my lady
?
No wonder they've been teaching you weird things
"PET", "Love animals designed to provide sexual pleasure"...
Did not know that
We'll always be together. ♥
